 DARKEST HOUR A True Story / True Crime Former Mafia Enforcer for John Gotti and the Gambino Crime Family, John Alite, shares his life story in a unique way, in hopes to dispel the mystique of the mob and sway anyone from living a life of crime. He's had too many darkest hours to count, but he's pushed through them all with a spirited perseverance, tenacity of mind, and a strength of purpose. Just like everything else in his life, he's met adversity head on with fierce determination and a resoluteness to come out on top.\*~\*~\*A college baseball scholarship was his way out of the inner city, but his dreams of going pro were crushed by an arm injury. John Alite was forced to return home to the only life he knew, where having to live on the streets of New York meant one thing: learning how to survive. He was driven. He was extreme. He was loyal. But most of all, he was Feared. From a young age, he found himself influenced by the wrong crowd. Enticed by the wealth, power, and prestige of the mafia, he immersed himself in a world that was foreign to most.

A society where policies were enforced by instilling fear. Those at the top were about obtaining and harnessing absolute power, while covertly using their own warped codes of ethics. Honor and loyalty were merely a misnomer. The cold, bitter truth was, he was expendable, and his sworn allegiance was rewarded with betrayal. On the run and unable to trust anyone, John was finally forced to confront his own demon: himself. Facing the harsh realities of who he was and what he had done wasn't pretty, and he had some serious, life-altering decisions to make. Ones that would come with a price. Through a life of heartache, betrayal, and loss comes a story of grace, healing, and redemption.

When Lieutenant Caslin Ahn joined Wolf Squadron, she was prepared for the reality that she might one day be killed in the line of duty. She was less prepared for being shot down, assumed dead by her own people, and dragged off to the Cofah Empire as a prisoner of war. As if being thrust into a dungeon and interrogated wasn't bad enough, the sadistic commandant decides to give her a cellmate: the notorious pirate Deathmaker. Given the crimes he's committed against Iskandia, Cas

owes it to her people to try and kill him. Part warrior and part scientist, Tolemek "Deathmaker" Targoson has not only slain thousands with his deadly concoctions, but he has a special loathing for Iskandian pilots. It was Ahn's commander, Colonel Zirkander, who ruined his military career, forcing him to leave his country in shame and join a pirate organization. Years later, he uses his dreadful reputation like a shield to keep people away; all he wants is to be left alone to work in his laboratory. But when fate lands him in a cell with Zirkander's protégé, he sees a chance for revenge. Why kill the lieutenant when he can use her to get to his old nemesis? There's just one problem: it's hard to plot against your enemies when you're in prison with them. Cas and Tolemek will have to work together if they hope to escape the Cofah dungeon. In the process, they may find that neither is what the other expects, and that they have far greater problems to worry about than ensnaring each other... Deathmaker is a full-length 85,000-word novel. It is set after the events in *Balanced on the Blade's Edge*, but it can be enjoyed even if you haven't read the first book.

After her brother's life of crime is brought to a sudden end, twenty-two-year-old Kara Jennings fears she may be the next target of the men who killed him. It comes as a shock, however, when she is taken captive by a mysterious man who promises to keep her safe but quickly demonstrates that he will not hesitate to punish her in any way he sees fit if she disobeys him. Devin Stringer is certain there is something important that Kara is refusing to share with him—something related to her brother's death--and he is fully prepared to be as firm as necessary to get her to tell him the truth, even if that means stripping her bare, spanking her soundly, and keeping her caged like a pet. Despite her shame at being made to kneel naked at her captor's feet, eat from his hand, and surrender her body to him completely, Devin's dominance leaves Kara helplessly aroused and yearning for him to master her even more thoroughly. When he brings her to the edge of an intense climax only to leave her desperate and wanting, her need for him to claim her properly compels Kara to confess the secret her brother shared with her before his death. But will that information help Devin protect his beautiful pet or will it ultimately put her in greater danger? Publisher's Note: Protecting His Pet is a stand-alone book which is the first entry in the Owned and Protected series. It includes spankings, sexual scenes, extensive pet play, elements of BDSM, and more. If such material offends you, please don't buy this book.

Book Description: Kayla's Chick Rant & Book Blog Blog Post: 1/17/15 My name is Kayla and I'm a blogger who believes in fairy tales. Through the anonymity of my blog, along with my reviews of the steamy novels I like to read, I tell the stories of my own search for love. No matter how disastrous they turn out-and believe me, you will ask yourself 'Did that really happen?'-I never gave up, knowing my soul mate was out there somewhere.When my big brother invited me to move to Houston for a semester of college, I jumped at the opportunity to leave my small hometown to see what it was like to live in a big city. Having no friends and not knowing where to go, I met a guy online and met up with him that night. Because...YOLO, right?Turns out, he was an okay guy. Not 'The One', but still, a good enough guy to spend time with. But then, he introduced me to his best friend Jason, and my world tilted on its axis. The dark, tough, tatted-up guy, who was too broody for his own good, captivated me. But he made it perfectly clear, I wasn't his type. Author's Note: The Blogger Diaries Trilogy is the true story of how I met, fell for, lost, and got a second chance at love with my soul mate. The names of everyone EXCEPT me, Jason, my family, and my best friend have been changed to protect their identities. Full of youthful stupidity, leading to bad decisions and lots of angst, it is a real life story, where inevitably things are messy.No one can look back at their late teens and early twenties and not think of moments that make them ask, What the hell was I thinking? Every second of this trilogy is true, exactly as it happened. The first book, 'Wished For You', is a tale of finding 'the one' too early, and then having to let them go. PLEASE NOTE: This is a true trilogy, meaning the first two books END ON CLIFFHANGERS. But if you take the journey with me, in the end, I promise you a happily ever after you will never forget.I know I won't.

I'm Eden MacLaird, and Fate screwed me good at the age of twenty-one, stole my first love, then my first child. Twenty years later, I still haven't found my happily-ever-after. Sure, from the outside, I have it all, including Declan, my gorgeous, rich-as-sin husband. But things aren't what they seem, and catching Declan in bed with my best friend destroys any dreams I harbor for love, much less sexual fulfillment. Then in walks Sean Bennet... Just months away from earning his post-graduate law degree, Sean's smart, driven, and serious, but an unexpected encounter between us in a bar one night changes everything. His best friend, Trinitee, warns against getting

too involved, but the heat between us is beyond intense, and neither of us are willing to walk away. With my marriage in shambles, I'm eager to make a go of it with Sean, despite our sixteen-year age difference. But while I relish my sexual reawakening, I fear giving up the posh life I've grown accustomed to. That life, however, and everything in it, comes crashing down as bodies start piling up around us, and all clues point to me and Sean. Secrets, betrayal, and revenge threaten to destroy not just my carefully-crafted reputation, but my very life. With our freedom at stake, Sean and I join forces to uncover those plotting against us. But as doubt and evidence mount, I must choose: give in to my suspicions and save myself, or trust our new-found love and save us both.

Eighteen-year-old Olivia Ruiz has just woken up in a strange place. Blindfolded and bound, there is only a calm male voice to welcome her. His name is Caleb, though he demands to be called Master. Olivia is young, beautiful, naïve and willful to a fault. She has a dark sensuality that cannot be hidden or denied, though she tries to accomplish both. The Training House Collection by Kitty Thomas is 3 full-length books in one bundle. Publisher's Note: These books are stand alone titles and not part of a series. (Although Guilty Pleasures and Broken Dolls occur in the same world, one is not a direct sequel of the other. Tender Mercies occurs in a totally different world, but is thematically similar to Broken Dolls.) This bundle contains: Tender Mercies, Guilty Pleasures, and Broken Dolls Tender Mercies: “Grace. That word that finally meant something again. Mercy. Favor. Good will.” Fed up with play, Grace Warner moves to an island to be with a man she met online. Within hours of her arrival, everything is ripped from her, and she quickly learns play is preferable to the realities of actual enslavement. Asher Collins has spent the past year mourning and blaming himself for the death of his slave, Darcy. When Grace catches his eye at a showing, obviously abused, he becomes obsessed with buying her and finding a way to atone for his own past sins. Guilty Pleasures: Vivian Delaney leads a life of privilege, but behind closed doors she feels isolated and trapped in a gilded cage. Unable to achieve pleasure with her husband, she finds herself in the capable hands of Anton, a massage therapist intent on awakening her to her full potential. By any means necessary. Broken Dolls: Mina Calloway always finds herself in the hands of the wrong master: Gentle at first, then brutally sadistic and abusive. She no longer believes it's possible to find a man who will be gentle with her. After seeing a therapist for months, the doctor makes her an offer she isn't yet smart enough to refuse: "Let me find you a good master." Brian Sloan is a borderline sociopath with a dark and brutal past. Only taking his sadistic urges out on the women at a submissive training house allows him to sleep through the night. When Brian sees Mina, she should be ripe for the picking, but her damage is too similar to his own. Can he fight past his demons to protect the one person he considers worth saving?
