Cambridge Primary Science Stage 4 Activity Book Hachette UK  
The Challenge and Skills Builders are differentiated activity books to be used alongside the Cambridge Primary Science course. Cambridge Primary Science is a flexible and engaging course written specifically for the Cambridge Primary Science Curriculum Stages 1 to 6. The course uses an enquiry-led approach focussed on making pupils think and work scientifically. The Challenge Activity Books provide extension activities for children who need more challenging activities to stretch their skills beyond the standard for success expected in Primary school. They include a full range of carefully levelled activities which help stretch and deepen a child's understanding, plus helpful guidance for explaining to the learner, teacher or parent the key scientific methods and concepts underpinning

each exercise. *Mixing Methods in Psychology* Cambridge University Press  
Spark scientific curiosity from a young age with this six-level course through an enquiry-based approach and active learning. Collins International Primary Science fully meets the requirements of the Cambridge Primary Science Curriculum Framework from 2020 and has been carefully developed for a range of international contexts.

The Challenge and Skills Builders are differentiated activity books to be used alongside the Cambridge Primary Science course. Cambridge Primary Science is a flexible and engaging course written specifically for the Cambridge Primary Science Curriculum Stages 1 to 6. The course uses an enquiry-led approach that helps pupils to think and work scientifically. Skills

Builders provide consolidation activities for children who need extra learning opportunities to meet the standard for success. They also focus on scientific literacy for ESL children who find this a barrier to learning. A full range of activities help raise a child's scientific literacy and understanding to match their peers, with teacher/parental guidance on key scientific methods and concepts before each exercise.

### **Hodder Cambridge Primary Science Learner's Book 4**

HarperCollins UK  
This book looks in detail at the problems involved in attempting to reconcile qualitative and quantitative methods, providing both theoretical and methodological guidance as well as practical examples of how methods can be fruitfully combined.

Cambridge Global English

(1-6) is a six-level Primary course following the Cambridge Primary English as a Second Language Curriculum Framework developed by Cambridge English Language Assessment. Activity Book 6 provides additional practice activities to consolidate language skills and content material introduced in Learner's Book 6. Nine units correspond with the topics, texts and language input of Learner's Book 6 with each lesson of the Learner's Book supported by two pages in the Activity Book. Learning is reinforced through activities clearly framed within the 'I can' objectives of the course, opportunities for personalisation and creative work and a higher level of challenge to support differentiation. Each unit in the Activity Book ends with revision and opportunity for self-assessment. CEFR Level: A2 towards B1.
