Weygandt helps corporate managers see the

relevance of accounting in their everyday lives. Challenging accounting

concepts are introduced with examples that are familiar to them, which helps build motivation to learn the material. Accounting issues are also placed within the context of marketing, management, IT, and finance. The new Do It! feature reinforces the basics by providing quick-hitting examples of brief exercises. The chapters also incorporate the All About You (AAY) feature as well as the Accounting Across the Organization (AAO) boxes that highlight the impact of accounting

concepts. With these features, corporate managers will learn the concepts and understand how to effectively apply them.

to implementing IFRS 10, 11, and 12 The new International Financial Reporting Standards (IFRS) 10, 11, and 12 are changing group accounting for many businesses. As business becomes increasingly global, more and more firms will need to transition using the codes and techniques described in *Principles of Group Accounting under IFRS*. This book is a practical guide and reference to the standards related to consolidated financial statements, joint

arrangements, and disclosure of interests. Fully illustrated with a step-by-step case study, *Principles of Group Accounting under IFRS* is equally valuable as an introductory text and as a reference for addressing specific issues that may arise in the process of consolidating group accounts. The new international standards will bring about significant changes in group reporting, and it is essential for accountants, auditors, and business leaders to understand

their implications. Author Andreas Krimpmann is an internationally recognized authority on the transition from GAAP to IFRS, and this new text comes packaged with GAAP/IFRS comparison resources that will help make the changes clear. Other bonus resources include an Excel-based consolidation tool, checklists, and a companion website with the latest information. This book examines the legal and the accounting process from basic transaction analysis

through to the preparation of financial statements. A broad framework for financial statements is used, encompassing international standards and Islamic financial accounting standards. It provides a context for understanding what is “Islamic accounting” and allows students to appreciate how Islamic values can influence the disclosure of financial information. The practicalities of preparing financial statements in accordance with the

Islamic Shariah are covered, along with specific aspects of Islamic finance and how to account for Shariah compliant instruments. It provides students with skills to understand and prepare accounting information relevant to decision making in an Islamic environment through real life examples and cases.
