ELLEN LAYLAH

Ancient Calendars and Archaeoastronomy Penguin

This brilliantly argued, first-hand account of the authors major discoveries at the renowned archaeological site Çatalhöyük in Turkey, described by Professor Colin Renfrew as one of the most ambitious excavation projects currently in progress, is now available in paperback. A tour de force of archaeological writing, it offers many insights into past lives and momentous events, and is superbly illustrated with images of the art, the artifacts and the excavations at this world-famous dig. It will be a must-read for archaeologists and historians everywhere.

Egyptian Mythology Wanton Dairymaid Trilogy

The Goddess and the Bull Çatalhöyük: An Archaeological Journey to the Dawn of Civilization Routledge

The Goddess and the Bull Charlesbridge

This volume scrutinizes Çatalhöyük as the by-product of the activities of a community residing in central Turkey 9,000 years ago, but also as the outcome of the interactions of a community

of researchers with wide-ranging theoretical perspectives and methodological approaches.

Mysteries of the Feminine Divine Harlequin

When she practices her seductive wiles on her brother's best friend, Jeremy Trescott, adventurous Lucy Waltham falls in love with him, while he encourages her in order to distract her from her schemes to find a rich husband.

Circe Nicolas-Hays, Inc.

A brother and sister's search for a new life and new home . . . 5,000 years ago in ancient Mesopotamia during a terrible drought, Jomar and Zefa's father must send his children away to the city of Ur because he can no longer feed them. At fourteen, Jomar is old enough to apprentice with Sidah, a master goldsmith for the temple of the moongod, but there is no place for Zefa in Sidah's household. Zefa, a talented but untrained musician, is forced to play her music and sing for alms on the streets of Ur. Marjorie Cowley vividly imagines the intrigues, and harsh struggle for survival in ancient Mesopotamia.

The Story of the Hunter Joseph Campbell Foundation

Dionysos, the God of wine and theatre has returned to his native land to take revenge on the puritanical Pentheus who refuses to recognise him of his rites. Remorselessly, savagely and with black humour, the God drives Pentheus and all the city to their shocking fate. This version was specially commissioned by the National Theatre for a production in May 2002, directed by Sir Peter Hall and scored by Sir Harrison Birtwhistle.

The Goddess and the Bull Pacific Rim Press (CA)

"A bold and subversive retelling of the goddess's story," this #1 New York Times bestseller is "both epic and intimate in its scope, recasting the most infamous female figure from the Odyssey as a hero in her own right" (Alexandra Alter, The New York Times). In the house of Helios, god of the sun and mightiest of the Titans, a daughter is born. But Circe is a strange child -- not powerful, like her father, nor viciously alluring like her mother. Turning to the world of mortals for companionship, she discovers that she does possess power -- the power of witchcraft, which can transform rivals into monsters and menace the gods themselves. Threatened, Zeus banishes her to a deserted island, where she hones her occult craft, tames wild beasts and crosses paths with many of the most famous figures in all of mythology, including the Minotaur, Daedalus and his doomed son Icarus, the murderous Medea, and, of course, wily Odysseus. But there is danger, too, for a woman who stands alone, and Circe unwittingly draws the wrath of both men and gods, ultimately finding herself pitted against one of the most terrifying and vengeful of the Olympians. To protect what she loves most, Circe must summon all her strength and choose, once and for all, whether she belongs with the gods she is born from, or the mortals she has come to love. With unforgettable vivid characters, mesmerizing language, and page-turning suspense, Circe is a triumph of storytelling, an intoxicating epic of family rivalry, palace intrigue, love and loss, as well as a celebration of indomitable female strength in a man's world. #1 New York Times Bestseller -- named one of the Best Books of the Year by NPR, the Washington Post, People, Time, Amazon, Entertainment Weekly, Bustle, Newsweek, the A.V. Club, Christian Science Monitor, Refinery 29, BuzzFeed, Paste, Audible, Kirkus, Publishers Weekly, Thrillist, NYPL, Self, Real Simple, Goodreads, Boston Globe, Electric Literature, BookPage, the Guardian, Book Riot, Seattle Times, and Business Insider.

Wild Irish Roses Macmillan

The Mythology of Venus is a collection of essays that summarizes the archaeoastronomy, calendar associations, religious and cultural icons, and myths identified with the planet Venus. The book concentrates on Western Europe, the Mediterranean, the Near East, and the East from the Paleolithic Age to the Iron Age. It reveals the archetype of a goddess associated with the planet Venus who is identified with transformation, spiritual resurrection, and enlightenment. The characteristics of the goddess are steeped in sexual metaphors which contain images of birth and re-birth, and they reveal a pattern of symbols that follows the journey of the planet Venus through its cycles in the night sky. Moreover, the journey of Venus and the corresponding icons associated with the goddess are part of an intricate pattern of symbolic language that is seen on ancient monuments and on the ancient calendars of several cultures. Temples from France and Ireland to Greece and Malta trace the journey of the planet Venus and the story of the goddess of Venus.

Initiation, Worship, and Ritual in the Western Mystery Tradition
Univ of California Press

On Indias south-western or Malabar coast is situated an ancient Hindu temple which is these days devoted to the famous Hindu god Shiva and his consort the fearsome goddess Kali. This is

Kurumbha-Bhagavathy Devi outside of the modern city of Cochin or Kochi in Kerala state. Travel back in time and the temple housed other gods. Once it was the home of the Buddhist/Jaina goddess Pattini whose mortal husband was tried and killed in a series of brutal events still commemorated in the temples ritual year. Before this and the story gets even stranger, as there are said to be remains of a secret, underground shrine, the home to a mystery cult dedicated to the Egyptian goddess Isis. At the time of Christ, there was indeed a Greco-Roman merchant colony based in this part of India. Greek, Roman & Near Eastern merchants travelled to India after a regular, if epic, sea journey of two thousand miles across the Arabian Ocean, making their first landfall at a port known in the ancient world as Musiris. Clues to the religious practices of these ancient traders is evident not just in the surviving architecture but in very many, sometimes unique features of the later cults, continuing into the modern day. Some of the best examples come from the rites of Pattini as once practiced at Kurumba-Bhagavathy Devi. Experts have often identified in the story of her husbands death and resurrection, something of the Near Eastern cult of Attis. But a more recent and credible theory is that the temple once hosted the mysteries of the cult of Isis, whose husband Osiris was also cruelly cut down but then resurrected by her magical prowess. So without more ado let me tell the whole story from its beginnings on the banks of the Nile. The story of Isis and Osiris is the basis of Egypts most popular religion. In what follows I trace the origins of this to the Egypts pyramid age in the middle of the second millennia BCE. Arguably it is even older. A great deal of this book is devoted to describing what is known about the cult of Isis and Osiris from Egyptian records. This, I shall argue, is the basis for what comes later in the time-line, when the world was dominated by the Greek and Roman Empires. Isis and Osiris became the focus of a global religion and the basis of the most popular of all classical mystery cults. This is precisely the time at which a small, Near Eastern shrine was built in South-West India to service the needs of the merchant trading post. Mysteries of Isis were popular among all social classes in the ancient world, but especially mariners. In India we have a building which could itself be thought of as storing the memory of influences from each new wave of belief. We can follow the progress and transformation of its changing occupants, as each absorbs some of the archeological memory. Finally we arrive at its current incarnation and the celebration of the Bharani festival, which marks the beginning of the hot summer before the coming of the Monsoon rains. Many non-orthodox rites will enliven the tale. The mysterious society of Atikals that returns to their lost temple every year to conduct secret rites culminating in twelve hours of Misrule, during which hundred of thousands of devotees appear from all over Kerala. There are other devotees who carry sticks, which they swirl in their dancing; others brandish the sickle sword. Most of these pilgrims are non-Brahmin ritual specialists such as the Veliccappadu. Their name means a channel who sheds light for they are spirit mediums, men and women, followers of Kali who utter oracles when in trance. They dress in red and wear heavy anklets and bells. In the final part of my story I present a complete and lost version of the most famous drama of all time, the celebrated myth or passion play of Isis and murdered husband Osiris, clearly recognizable even in its current idiom based as it is in South Asian ritual drama. The drama is reproduced in its entirety as it reveals many previously unknown aspects of one of the worlds oldest myths.

Communities at Work: The Making of Çatalhöyük Routledge
'Hillbilly Hollywood' is the first serious look at the origins of country & Western style in California in the 1930s and '40s and the stories of the tailors Nudie and Turk. We may think of

Nashville as the country & Western capital of America, but L.A. had more hillbilly singers at work in the early years--in the movies, at the recording studios and on C&W radio shows. The style adopted by these music pioneers, a colorful mix of cowboy and show business, still defines fancy Western wear. Book cover has real rhinestones on a black cowboy-shirt-like cloth background and a die-cut frame over vintage photograph. Winner of many design awards.

Çatalhöyük as a Case Study Bloomsbury Publishing

'Mary Renault is a shining light to both historical novelists and their readers. She does not pretend the past is like the present, or that the people of ancient Greece were just like us. She shows us their strangeness; discerning, sure-footed, challenging our values, piquing our curiosity, she leads us through an alien landscape that moves and delights us' HILARY MANTEL 'Mary Renault's portraits of the ancient world are fierce, complex and eloquent, infused at every turn with her life-long passion for the Classics. Her characters live vividly both in their own time, and in ours' MADELINE MILLER The sequel to *The King Must Die*. The Bull from the Sea continues the story of the hero Theseus after his return from Crete. Having freed the city of Athens from the onerous tribute demanded by the ruler of Knossos - the sacrifice of noble youths and maidens to the appetite of the Labyrinth's monster - Theseus has returned home to find his father dead and himself the new king. But his adventures have only just begun: he still must confront the Amazons, capture their queen, Hippolyta, and face the tragic results of Phaedra's jealous rage. Piecing together the fragments of myth and using her deep understanding of the cultures reflected in these legends, Mary Renault has constructed an enthralling narrative of a time when heroes battled monsters and gods strode the earth. 'There's much to say about her interweaving of myth and history and, just as interestingly, there's much to wonder at in the way she fills in the large dark spaces where we know next to nothing about the times she describes . . . an important and wonderful writer . . . she set a course into serious-minded, psychologically intense historical fiction that today seems more important than ever' Sam Jordison, *Guardian*

The King Must Die University Press of America

Presents evidence to support the author's woman-centered interpretation of prehistoric civilizations, considering the prehistoric goddesses, gods and religion, and discussing the living goddesses--deities which have continued to be venerated through the modern era.

The Living Goddesses Routledge

Thousands of years before the pyramids were built in Egypt and the Trojan War was fought, a great civilization arose on the Anatolian plains. The Goddess and the Bull details the dramatic quest by archaeologists to unearth the buried secrets of human cultural evolution at this huge, spectacularly well-preserved 9,500-year-old village in Turkey. Here lie the origins of modern society -- the dawn of art, architecture, religion, family -- even the first tangible evidence of human self-awareness, the world's oldest mirrors. Some archaeologists have claimed that the Mother Goddess was first worshipped at Çatalhöyük, which is now a site of pilgrimage for Goddess worshippers from all over the world. The excavations here have yielded the seeds of the Neolithic Revolution, when prehistoric humans first abandoned the hunter-gatherer life they had known for millions of years, invented farming, and began living in houses and communities. Michael Balter, the excavation's official biographer, brings readers behind the scenes, providing the first inside look at the remarkable site and its history of scandal and thrilling scientific discovery. He tells the very human story of two colorful men: British archaeologist James Mellaart, who discovered Çatalhöyük

in 1958 only to be banned from working at the site forever after a fabulous ancient treasure disappeared without a trace; and Ian Hodder, a pathbreaking archaeological rebel who reinvented the way archaeology is practiced and reopened the excavation after it had lain dormant for three decades. Today Hodder leads an international team of more than one hundred archaeologists who continue to probe the site's secrets. Balter reveals the true story behind modern archaeology -- the thrill of history-making scientific discovery as well as the crushing disappointments, the community and friendship, the love affairs, and the often bitter rivalries between warring camps of archaeologists. Along the way, Balter describes the cutting-edge advances in archaeological science that have allowed the team at Çatalhöyük to illuminate the central questions of human existence.

The Story of the Bull Harper Collins

This book presents an interdisciplinary study of the role of spirituality and religious ritual in the emergence of complex societies. Involving an eminent group of natural scientists, archaeologists, anthropologists, philosophers, and theologians, this volume examines Çatalhöyük as a case study. A nine-thousand-year old town in central Turkey, Çatalhöyük was first excavated in the 1960s and has since become integral to understanding the symbolic and ritual worlds of the early farmers and village-dwellers in the Middle East. It is thus an ideal location for exploring theories about the role of religion in early settled life. This book provides a unique overview of current debates concerning religion and its historical variations. Through exploration of themes including the integration of the spiritual and the material, the role of belief in religion, the cognitive bases for religion, and religion's social roles, this book situates the results from Çatalhöyük within a broader understanding of the Neolithic in the Middle East.

A Virago Modern Classic HarperCollins

Everyone has heard of the Minotaur in the labyrinth on Crete and many know that the Greek gods would adopt the guise of a bull to seduce mortal women. But what lies behind these legends? *The Power of the Bull* discusses mankind's enduring obsession with bulls. The bull is an almost universal symbol throughout Indo-European cultures. Bull cults proliferated in the Middle East and in many parts of North Africa, and one cult, Mithraism, was the greatest rival to Christianity in the Roman Empire. The Cults are divergent yet have certain core elements in common. Michael Rice argues that the ancient bulls were the supreme sacrificial animal. An examination of evidence from earliest prehistory onwards reveals the bull to be a symbol of political authority, sexual potency, economic wealth and vast subterranean powers. In some areas representations of the bull have varied little from earliest times, in others it has changed vastly over centuries. This volume provides a well-illustrated and accessible analysis of the exceptionally rich artistic inheritance associated with the bull.

The Leopard's Tale Harper Collins

Veteran science writer Michael Balter skillfully weaves together many threads in this fascinating book about one of archaeology's most legendary sites— Çatalhöyük. First excavated forty years ago, the site is justly revered by prehistorians, art historians, and New Age goddess worshippers alike for its spectacular finds dating almost 10,000 years ago. Archaeological maverick Ian Hodder, leader of the recent re-excavation at this Turkish mound, designated Balter as the project's biographer. The result is a skillful telling of many stories about both past and present: of the inhabitants of Neolithic Çatalhöyük and the development of human creativity and ingenuity, as revealed in the recent excavation; of James Mellaart, the original excavator, whose troubles off the mound eventually overshadowed his incisive work at the site; of Hodder and his intense, brilliant crew who marveled

and squabbled over the meaning of finds in dusty trenches while attempting to reinterpret Mellaart's work; and of the recent history of the theory and methods of archaeology itself. Part story of the human past, part soap opera of modern scholarly life, part textbook on the practice of modern archaeology, this book should appeal to general readers and archaeological students alike.

Hillbilly Hollywood Xlibris Corporation

About 16 centuries ago, an unknown Indian author or authors gathered together the diverse threads of already ancient traditions and wove them into a verbal tapestry that today is still the central text for worshippers of the Hindu Devi, the Divine Mother. This spiritual classic, the Devimahatmya, addresses the perennial questions of the nature of the universe, humankind, and divinity. How are they related, how do we live in a world torn between good and evil, and how do we find lasting satisfaction and inner peace? These questions and their answers form the substance of the Devimahatmya. Its narrative of a dispossessed king, a merchant betrayed by the family he loves, and a seer whose teaching leads beyond existential suffering sets the stage for a trilogy of myths concerning the all-powerful Divine Mother, Durga, and the fierce battles she wages against throngs of demonic foes. In these allegories, her adversaries represent our all-too-human impulses toward power, possessions, and pleasure. The battlefields symbolize the field of human consciousness on which our lives' dramas play out in joy and sorrow, in wisdom and folly. The Devimahatmya speaks to us across the ages of the experiences and beliefs of our ancient ancestors. We sense their enchantment at nature's bounty and their terror before its destructive fury, their recognition of the good and evil in the human heart, and their understanding that everything in our experience is the expression of a greater reality, personified as the Divine Mother.

The Constellation Orion The Goddess and the BullÇatalhöyük: An Archaeological Journey to the Dawn of Civilization
Perhaps the single most revolutionary aspect of the Renaissance was the re-emergence of the gods and goddesses of antiquity. In the midst of Christian Europe, artists began to decorate luxury goods with scandalous stories from classical mythology, and rulers to identify themselves with the deities of ancient religion. The resulting fusion of erotic fantasy and political power changed the course of Western art and produced many of its most magical and subversive works. The first book ever to survey this extraordinary phenomenon in its entirety, *The Mirror of the Gods* takes the story from the Renaissance to the Baroque. Each

chapter focuses on a particular god (Diana, Apollo, Hercules, Venus, Bacchus, Jupiter) and recounts the tales about that deity, not as they appear in classical literature but as they were re-created by artists such as Botticelli, Titian, Bernini and Rembrandt. And yet this is not a book simply about painting and sculpture. It is an attempt to re-imagine the entire designed world of the Renaissance, where the gods also appeared in carnival floats and in banquet displays, and entertained the public in the form of snow men and fireworks. This rich and original new portrait of the Renaissance will ensure that readers never see the period in quite the same way again.

Tales of Brigs, Kathleens, and Warrior Queens Child's World

A comparative account of the successive stages of the early Cretan civilization as illustrated by the discoveries at Knossos

The Genius and the Goddess Cambridge University Press

The 1956 wedding of Marilyn Monroe and Arthur Miller surprised the world. *The Genius and the Goddess* presents an intimate portrait of the prelude to and ultimate tragedy of their short marriage. Distinguished biographer Jeffrey Meyers skillfully explores why they married, what sustained them for five years, and what ultimately destroyed their marriage and her life. The greatest American playwright of the twentieth century and the most popular American actress both complemented and wounded one another. Marilyn craved attention and success but became dependent on drugs, alcohol, and sexual adventures. Miller experienced creative agony with her. Their marriage coincided with the creative peak of her career, yet private and public conflict caused both of them great anguish. Meyers has crafted a richly nuanced dual biography based on his quarter-century friendship with Miller, interviews with major players of stage and screen during the postwar Hollywood era, and extensive archival research. He describes their secret courtship. He also reveals new information about the effect of the HUAC anti-Communist witch-hunts on Miller and his friendship with Elia Kazan. The fascinating cast of characters includes Marilyn's co-stars Sir Laurence Olivier, Yves Montand, Montgomery Clift, and Clark Gable; her leading directors John Huston, Billy Wilder, and George Cukor; and her literary friends Dame Edith Sitwell, Isak Dinesen, Saul Bellow, and Vladimir Nabokov. Meyers offers the most in-depth account of the making and meaning of *The Misfits*. Written by Miller for Monroe, this now-classic film was a personal disaster. But Marilyn remained Miller's tragic muse and her character, exalted and tormented, lived on for the next forty years in his work.
