"I don't want you to rehabilitate me," Philip Roth said to his only authorized biographer, Blake

Bailey. "Just make me interesting." Granted complete independence and access, Bailey spent almost ten years poring over Roth's personal archive, interviewing his friends, lovers, and colleagues, and listening to Roth's own breathtakingly candid confessions. Cynthia Ozick, in her front-page rave for the New York Times Book Review, described Bailey's monumental biography as "a narrative masterwork ... As in a novel, what is seen at first to be casual chance is revealed at last to be a steady and powerfully demanding drive. ... under Bailey's strong light what remains on the page is one writer's life as it was lived, and—almost—as it was felt." Though Roth is generally considered an autobiographical novelist—his alter-egos include not only the Roth-like writer Nathan Zuckerman, but also a recurring character named Philip Roth—relatively little is known about the actual life on which so vast an oeuvre was supposedly based. Bailey reveals a man who, by design, led a highly compartmentalized life: a tireless champion of dissident writers behind the Iron Curtain on the one hand, Roth was also the Mickey Sabbath-like roué who pursued scandalous love affairs and aspired "[t]o affront and affront till there was no one on earth unaffronted"—the man who was pilloried by his second wife, the actress Claire Bloom, in her 1996 memoir, *Leaving a Doll's House*. Towering above it all was Roth's achievement: thirty-one books that give us "the truest picture we have of the way we live now," as the poet Mark Strand put it in his remarks for Roth's Gold Medal at the 2001 American Academy of Arts and Letters ceremonial. Tracing Roth's path from realism to farce to metafiction to the tragic masterpieces of the American Trilogy, Bailey explores Roth's engagement with nearly every aspect of postwar American culture.

#### **The Giving Tree** Taschen America Llc

The real, untold, and unvarnished story of life inside the legendary Playboy Mansion—and the man who holds the key—from the woman who was Hef's #1 girlfriend and star of *The Girls Next Door*. A spontaneous decision at age twenty-one transformed small-town Oregon girl Holly Sue Cullen into Holly Madison, Hugh Hefner's #1 girlfriend. But like Alice in Wonderland after she plunged down the rabbit hole, what seemed like a fairytale life inside the Playboy Mansion—including A-list celebrity parties and her own #1-rated television show—quickly devolved into an oppressive routine of strict rules, manipulation, and battles with ambitious, backstabbing bunnies. Losing her identity, her sense of self-worth, and her hope for the future, Holly found herself sitting alone in a bathtub contemplating suicide. But instead of ending her life, Holly chose to take charge of it. In this shockingly candid and surprisingly moving memoir, this thoughtful and introspective woman opens up about life inside the Mansion, the drugs, the sex and the infamous parties, as well as what her relationships with her *Girls Next Door* co-stars, Bridget and Kendra were really like. Holly talks candidly about a subsequent abusive relationship, her own successful television series, and the hard work of healing, including her turn on *Dancing with the Stars*. A cautionary tale and a celebration of personal empowerment, *Down the Rabbit Hole* reminds us of the importance of fighting for our dreams—and finding the life we deserve.

This is the inspiring story of an ordinary guy who achieved two great goals that others had told him were impossible. First, he set a record for the longest automobile journey ever made around the world, during the course of which he blasted his way out of minefields, survived a breakdown atop the Peak of Death, came within seconds of being lynched in Pakistan, and lost three of the five men who started with him, two to disease, one to the Vietcong. After that—although it took him forty-seven more years—Albert Podell set another record by going to every country on Earth. He achieved this by surviving riots, revolutions, civil wars, trigger-happy child soldiers, voodoo priests, robbers, pickpockets, corrupt cops, and Cape buffalo. He went around, under, or through every kind of earthquake, cyclone, tsunami, volcanic eruption, snowstorm, and sandstorm that nature threw at him. He ate everything from old camel meat and rats to dung beetles and the brain of a live monkey. And he overcame attacks by crocodiles, hippos, anacondas, giant leeches, flying crabs—and several beautiful girlfriends who insisted that he stop this nonsense and marry them. Albert Podell's *Around the World in 50 Years* is a remarkable and meaningful tale of quiet courage, dogged persistence, undying determination, and an uncanny ability to extricate himself from one perilous situation after another—and return with some of the most memorable, frightening, and hilarious adventure stories you have ever read.
